

2018 MSPA AP Website Banner Information

Market Coverage:

Advertising on the Asia Pacific Mystery Shopper Professionals Association (MSPA) web site offers your company exposure to targeted market segments. **Just one piece of business can cover your advertising costs.** The structure of the site is such that targeting your specific markets is a straightforward process, based on where your rotating banner is placed:

- **MSPA Main Search Page:** The MSPA Main Search Page is used by companies seeking mystery shopping services.
- **Mystery Shoppers:** Individuals who perform mystery shopping (as well as other consumers who have an interest in becoming mystery shoppers).

Website Banner Service:

To ensure that all banner advertisers get maximum exposure, a list of all page advertisers (Ad List) will be shown in a highly visible spot on the ad page. When a user opens a page, only one rotating banner is displayed, but all banner advertisers are listed on the page, with links to their web sites. **So, your investment is even more valuable...site visitors see your name every time the page is opened, not just when your banner ad appear.** Also, advertisers may include a message up to 50 characters in length in their Ad List listing.

We Deliver.

With options available to direct your advertisement to companies seeking mystery shopping firms, individuals seeking shoppers or MSPA members who may wish to buy your product or service, we allow you to target precisely who you want to reach.

In the event that an advertisement is not placed during a contracted month, MSPA will refund that month's fees to the advertiser. Every advertisement on a page is placed in random rotation
